FORMER SEDALIAN DEAD

MR. W. G. GLOVER PASSED AWAY
AT DENVER, COLORADO, CN
TUESDAY, APRIL 13.

THE BODY IS BROUGHT HERE FOR BURIAL

Belonged to the Christian Church, W.
O. W. and I. O. O. F.—Formerly
Worked at the Missouri
Pacific Shops.

Miss Olive Glover, 1003 East Fifth
street, is in receipt of a telegram an-
nouncing the death of her brother,
W. G. Glover, which occurred at Den-
ver, Col., Tuesday.

Mr. Glover was 42 years old and
left Sedalia about three years ago for
Colorado for the benefit of his health.
When he lived here he worked at the
Missouri Pacific shops.

The body arrived in Sedalia on the
noon train today, and was taken di-
rect to Crown Hill cemetery, where
burial was made.

The following served as pallbear-
ers:

Odd Fellows—W. W. Cecil, C. M.
Winner and William Stunkard.
W. O. W.—E. M. Shields, W. H.
Pfeiffer and Thomas Wright.

Deceased was a member of the
Christian church. He also belonged to
the Odd Fellows and Woodmen of the
World. His son, Harry Glover, is em-
ployed at the Owl drug store.

Besides the sister who received the
news of his death, deceased leaves
two other sisters and three brothers,
among them being Charles Glover, of
East Eleventh street, and Mrs. Frank
Hovey, northeast of town.

SEDALIAN GUEST OF HONOR

Mr. C. C. Lawson Returns From a
Visit at St. Joseph.

C. C. Lawson returned on the noon
train today from St. Joseph, Mo.,
where, yesterday and last night, he
delivered an address—the first to the
employees of the Davis Milling com-
pany and the second last night before
the Retail Grocers, Butchers and
Bakers' association.

While in St. Joseph Mr. Lawson
was accorded a warm reception and
was the guest of honor at the asso-
ciation's meeting last night, the mem-
bers of the organization having ar-
ranged a banquet especially in his
honor. The St. Joseph News of last
afternoon had the following:

Cheerfulness and newspaper adver-
tising are the things necessary for
making a success of the retail grocery
business according to Mr. Lawson, at
the "Ad" club luncheon.

"Persons don't want to trade with
grocers whose faces are gloomy.
Smile and pretty soon you'll forget
your troubles," advised Lawson.

Elimination of program advertising
and other similar methods was strong-
ly urged by Mr. Lawson. Sedalia mer-
chants taboo everything except news-
papers, he said. The appearance of
St. Joseph's newspapers, he said, in-
dicated that local merchants follow
the same course.

AT NEVADA, MO.

THEY BOTH FORMERLY LIVED IN SEDALIA

Ceremony Said at St. Mary's Church
by Rev. Fr. Basil—Bridal Couple
Depart for Bevier to At-
tend Another Wedding.

The marriage of a popular former
Sedalia girl to an equally popular for-
mer Sedalia gentleman was written of
as follows in the Nevada Mail of Wed-
nesday afternoon:

A wedding of more than usual in-
terest, due to the prominence and
popularity of both bride and groom,
occurred early this morning at nup-
tial high mass, celebrated by the
Rev. Fr. Basil, at St. Mary's church.
The contracting parties were Mr. P.
B. Rafter and Miss Effie Henry.

The groom is a prominent young
business man, and while having re-
sided in Nevada only a short time,
has won a host of admiring friends
on account of his splendid character.
The bride is the second daughter
of Mr. and Mrs. Joseph Henry, and
is a charming, attractive young lady,
who has been quite a favorite in so-
cial circles here.

Miss Evaline Henry was her sis-
ter's only attendant, and Mr. William
Cole was best man.

The bride was becomingly attired
in a beautiful lavender going-away
gown. The groom wore conventional
black.

Immediately following the beauti-
fully impressive service, Mr. and Mrs.
Rafter took the train for Bevier, Mo.,
to attend the wedding of Mr. Rafter's
niece, Miss Watson. Upon their re-
turn they will be at home to friends
at Hotel Mitchell.

The Mail joins the many friends of
the happy young couple in extending
congratulations and best wishes.

Price of Wheat Went Down.

Chicago, April 15.—The bulls re-
ceived a setback today when wheat
prices tumbled precipitately. July
tumbled 4 3/4, May 3 1/4, and September
3 1/4. The bears were encouraged by
a 5c drop at Winnipeg, where it was
reported the exporters were resell-
ing wheat which they had purchased
for Europe.

THE DAY WE CELEBRATE

PRETTY HOME WEDDING

THAT OF MR. WALTER SANDFORT
AND MISS LYDIA PEITH-
MAN LAST NIGHT.

THE REV. MATHEW HERMANN OFFICIATED

Wedding March Was Played by Miss
Sara Payne—Bridal Couple to
Reside on a Farm Near
Humboldt, Nebraska.

One of the prettiest weddings in
the history of Pettis county for many
years occurred at the home of the
bride's parents, Mr. and Mrs. Fred
Peithman, three miles north of Sedalia
at 8:30 o'clock last night, when Miss
Lydia Peithman was wedded to Mr.
Walter Sanford, of Humboldt, Neb.

The relatives and friends assembled
in the parlor promptly at the hour
stated and the wedding march was
begun by Miss Sara Payne.

The bride and groom entered unac-
companied. The marriage ceremony
was then performed by the Rev. Mat-
thew Hermann, pastor of the German
M. E. church, after which congratula-
tions and best wishes were extended
by all.

The bridal party and friends then
repaired to the dining room, where a
sumptuous course dinner was served.
The tables afforded a magnificent ap-
pearance in their tasty floral arrange-
ments.

The parlor was beautifully decorated
with garlands of cedar and wed-
ding bells.

The bride was dressed in a travel-
ing suit of brown. The groom was at-
tired in conventional black, and wore
a single rose.

The bride will be remembered as
the eldest and accomplished daughter
of Mr. and Mrs. Fred Peithman.

The groom is a man no less deserv-
ing of the bride he has won. He is
one of Nebraska's successful farm-
ers, residing some seven miles from
Humboldt, where Mr. and Mrs. San-
fort will make their future home.

The guests numbered about eighty.
Those from abroad were: Mr. and
Mrs. J. D. Garndt, of Oakdale, Ill.,
uncle and aunt of the bride.

The best wishes of the friends and
the community are extended to Mr.
and Mrs. Sanford in their new home.

DID THEY BURGLARIZE CAR?

Three Prisoners Were Brought Here
From Nevada, Mo.

J. L. Phillips, J. J. McCrow and
William Crupper, all strangers in Se-

dalia, were arrested by J. C. Connor,
an M. K. & T. secret service officer,
and the Nevada police at Nevada late
Wednesday afternoon.

Today the prisoners were brought
to Sedalia to face the charge of bur-
glarizing an M. K. & T. merchandise
car.

Judge F. W. Clark will hear the evi-
dence.

Will Riley Was Auctioneer.

The ladies of Sacred Heart church
gave a box social at the school hall
last night and cleared about \$45 from
the social. Will Riley was auctioneer
and sold in the neighborhood of fifty
boxes which brought from 50 cents
to \$1.75 each.

KILLED A LOVE PIRATE

DETECTIVE'S WIFE FOUND HUS-
BAND AND A DIVORCEE
TOGETHER.

SHOT THE WOMAN; MAN DIDN'T INTERFERE

Assailant Fires Three Times—She
Probably Will Rely on Unwrit-
ten Law—Two Children
Left Motherless.

Muskogee, Okla., April 15.—Driven
to frenzy by stories of the devotion
of her husband to Mrs. Beulah Cox,
divorced wife of I. C. Cox, Mrs.
Grant Huddleston Tuesday night shot
and killed Mrs. Cox. Mrs. Huddleston
is the mother of six children. Two
small children survive Mrs. Cox.

The tragedy occurred at the Frisco
boarding house, on Eighth avenue,
conducted by Mrs. Cox as a means of
support for herself and her two chil-
dren since the separation from her
husband.

Learning that her husband was
with Mrs. Cox, Mrs. Huddleston armed
herself with her husband's revolver
and went to the boarding house,
where she found Huddleston and Mrs.
Cox together.

Mrs. Huddleston instantly opened
fire on Mrs. Cox, firing three shots in
rapid succession, one of which passed
through the cardiac cavity, severing
an artery and causing Mrs. Cox's
instant death. Huddleston stood by
and watched his wife, but did not try
to interfere.

Mrs. Huddleston accompanied her
husband to the police station and
gave herself up.

Grant Huddleston was formerly a
Muskogee policeman, and is now em-
ployed as a detective by the Midland
Valley Railroad Co., with a deputy
sheriff's commission.

GOTCH WON THE MATCH

MAHMOUT PROVED TO BE EASY
FOR AMERICAN CHAMPION
WRESTLER.

TWELVE THOUSAND PERSONS PRESENT

Both Holds Were Crotch and Half
Nelson, and Completed in a
Total of Seventeen Minutes
Last Night.

Chicago, April 15.—Frank Gotch, of
Humboldt, Ia., succeeded in retaining
his title to the world's championship
last night by defeating Yussif Mah-
mout, of Bulgaria, in a fast and fu-
rious match.

The much-touted Bulgarian was a
child in the hands of his opponent.
Gotch won both falls with crotch and
half-Nelson holds in eight and nine
minutes ten seconds. The victory of
the champion is all the more notable
inasmuch as he did not use his famous
toe hold in bringing about the fall
of the powerful foreigner. Gotch was
able to secure most any hold he de-
sired, so limited was the Turk's
knowledge of the game. The match
was fast and exciting from the time
the men entered the ring. It was so
short that there was not a single idle
moment during the two falls.

After a conference lasting the
greater part of the day, Gotch and
Mahmout finally settled the trouble
which threatened to arise over the
fact that the Bulgarian proposed to
enter the ring in his bare feet.
Gotch felt this would invalidate his
chances for obtaining the toe hold,
his favorite grip upon his opponents.
Accordingly, he called attention to
the rules which provided that all
wrestlers should wear shoes during
the bout.

Mahmout and his manager remain-
ed stubborn and insisted on the Bul-
garian entering the ring in his bare
feet. For a time it appeared as
though the hitch would result in the
calling off of the championship bout,
but finally Mahmout agreed to fore-
feit \$500 of his end of the purse to
Gotch and enter the ring in his bare
feet. Rather than call off the match,
Gotch agreed to Mahmout's proposal
and prospects of the bout were not
interfered with.

Gotch entered the ring at 10:45
and was greeted with cheers from
tier after tier of closely packed spec-
tators. Mahmout followed shortly af-
ter and received a rousing welcome.
The staff photographers took pos-
session of the arena and after every-
body had had his picture taken, the

decks were cleared for action. Many
celebrities of the mat were in the
ring. Among these were "Farmer"
Burns, of Iowa, who is Gotch's chief
adviser; Joe Rogers, Hjalmar Lundin,
Ernest Selgried, the "German Oak,"
Gus Schoenlein (Americans) and
many others.

Dr. B. F. Roller, of Seattle, and
Martin Julian, Bob Fitzsimmons' old
manager, who is now manager for
Selgried, were also present. The pu-
gilists were not content to turn over
the ring to the wrestlers, and "Pack-
ey" McFarland, Johnny Couton, the
bantam champion, and Battling Nel-
son, the lightweight champion, were
introduced.

The ring was finally cleared and

GOWNS WERE SMUGGLED

TOGETHER WITH MILLINERY
IN FIVE TRUNKS, VAL-
UED AT \$50,000.

SIX DRESSMAKERS HAVE ALREADY FLED

Trunks and Contents Seized at New
York Harbor by Customs Of-
ficers—The Stuff Is All of
Parisian Make.

New York, April 15.—That in seiz-
ing the trunks containing smuggled
Persian gowns and millinery valued
at \$50,000 the inspectors of the cus-
toms service made a blunder which
probably will result in those con-
nected with the conspiracy escaping
arrest is admitted by officials of
the appraiser's office. It is now the
belief that if different tactics had
been pursued leaders of the smug-
gling plot would now be in custody.

Appraisement of the smuggled
goods was completed yesterday. The
foreign value of the costumes was es-
timated at \$30,000. Since the duty on
the goods is 60 per cent, the total
value of the seizure will be close to
\$48,000. The inspectors now admit
that the trunks contain the richest
haul made by the customs officials in
years.

As soon as the trunks were remov-
ed to the seizure room six dressmak-
ers fled the city. Two of the seven
trunks seized and supposed to be a
part of the shipment have been re-
leased, examination disclosing that
they had no connection with the
smuggled articles, but belonged to
passengers, who easily established
their right to them.

BACK TO MISSOURI PACIFIC

Harry C. Reeder, formerly With the
Engineering Department.

Harry C. Reeder, formerly with the
Missouri Pacific civil engineering de-
partment, but located at Ashland, Ore.,
the past few months, will arrive here
Saturday on his way to St. Louis in
response to a telegram from Assistant
Chief Engineer Ford offering him a
good position with the company.

The Missouri Pacific is to spend
several millions of dollars in rebuild-
ing its various lines this summer, but
Mr. Reeder will not know where he is
to be located until he reports at com-
pany headquarters in St. Louis next
Monday.

It is Harry's belief, however, that
he will be employed on the work at
some point between Kansas City, Mo.,
and Pueblo, Colo., and Mrs. Reeder
and daughter, Elizabeth, will remain
with Mrs. Reeder, sr., at Ashland, un-
til the matter of location is deter-
mined.

Mr. Reeder has been engaged in en-
gineering work at Ashland since his
location there, and has done exceed-
ingly well, but he and Mrs. Reeder
prefer to live further east, hence the
change.

Yesterday Afternoon.

Will Harris, an ex-member of the
American Volunteers, was arrested by
Constable Kahrs at 4 o'clock Wednes-
day afternoon at the instigation of
the authorities at Marshall, Mo.,
where he is wanted for burglarizing
a dwelling.

Constable Riggins, of Saline county,
arrived here at 10:45 o'clock last
night for the prisoner and returned
home with him early this morning.

MASHED ON AN ACTRESS

FOURTEEN-YEAR-OLD "DICK" MA-
LONSON RAN AWAY AND
HAD FINE TIME.

WAS OUT SIGHT SEEING WITH THE GIRLS

Met Miss May Sheldon While She Was
Playing in Gloucester, Mass.—
Followed Her to Boston
and Washington.

Boston, Mass., April 15.—Richard
Malonson, a 14-year old boy, ran away
from his home in Essex because of his
infatuation for an actress. The police
found him today at a local theater.
Malonson, who has been missing from
his home since Saturday, March 13,
told the following story:

"I met Miss May Sheldon while she
was playing in Gloucester, and prom-
ised her that I would come to Boston
and see her. I saved up \$5 and came
to Boston. Here I met Miss Sheldon,
and had a great time seeing Boston
and taking in the shows at the vaude-
ville theaters. Then I asked the cook
on the schooner Conqueror to take
me as galley boy on the trip to the
George's Banks fishing grounds. He
took me and paid me \$20. When I
came back to Boston put \$15 of the
\$20 in a bank, which one I do not re-
member, and gave the bank book to
a girl friend, Louise Stevens, but I
do not know where she is now. Miss
Sheldon and I then went to Washing-
ton, D. C., where she had to play at
the Olympic theater, and we stayed
there three days.

"I am sorry to leave all the girls,
because they treated me well and
gave me all the money I wanted, es-
pecially Miss Sheldon, who told me
that she was going to make me the
leader of a new theater that she said
they are building for her in Jamaica
Plain."

SEDALIA IN THE "OUTLAW"

Drummond Brown, of Kansas City, to
Take the Franchise.

It is now definitely settled that
there will be a team representing this
city in the Interstate Independent
league this summer. Jack Sweeney,
president of the league, was in the
city yesterday and obtained a lease
from P. J. Dickson, owner of Old
League park at Independence avenue
and Lydie street, and will turn over
this lease to Kid Nichols tomorrow
morning.

Sweeney announces that Drummond
Brown, late of the Blues, went to Se-
dalia yesterday to take that city's
franchise in this league.

"Jack" Sweeney will head the St.
Joseph Lunatics and Kid Nichols will
be in Kansas City.

The schedule is now being made
up and will be made public at an early
date, as the last meeting of the
league will be held at the Baltimore
hotel next Sunday at 2 p. m. to com-
plete the final details of the organiza-
tion and announcement will be made
at that time regarding the umpires.—
Kansas City Journal.

H. V. Leist had a talk with Mr.
Brown over the 'phone last evening,
and expects the gentleman to arrive
here this afternoon to set the ball
rolling from a local standpoint.

their home, 501 North Quincy avenue,
Wednesday night.

Mrs. Allan B. McLaughlin arranged
the event, which was attended by
thirty-five guests. Games and music

late hour ice cream and wafers were
served.

Mr. and Mrs. Thompson were pre-
sented with many useful articles for
household use.

Partly cloudy tonight and Friday;

IT IS HERE.

This week is notable in the world
of event. It marks the opening of the
American baseball season. The na-
tional game is on the stage for the
next five months and until it makes
its exit late next fall every other
sport and every other pastime in
these United States are matters of
secondary consideration.

The season open to less auspicious-
ly than in past years. There is the
same keen interest in the game, the
same enthusiasm over favorites and
the same speculation over results.
Taking into account the elements up-
on which baseball depends for suc-
cess, this ought to be one of the most
exciting and prosperous seasons on
record. The country is getting back
into normal business channels, and
when the tide is fully set in that di-
rection, as it probably will be within
a few weeks, we shall have more in-
clination for diversion and less grip
upon our purse strings.

Instead of showing any diminution
of popularity, baseball appears to lay
a stronger hold upon the American
mind year after year. And this is
natural, not only because of the ex-
cellence of the sport itself, but be-
cause it is the most cosmopolitan
amusement in which the world has
ever indulged. Practically every other
sport or pastime is limited to a class
or a section; it is either aristocratic-
ally exclusive; it appeals to special-
ized and limited tastes, or it is bur-
dened with vices which mar its at-
tractiveness or rob it altogether of
respectability.

Baseball is clean, it is safe, it is
skill from start to finish, and it is
filled with climaxes that are the best
hat-raisers and lung-developers ever
invented. It is the game of the
masses, of all classes, clans and
creeds.

The millionaire sits by the office
boy and goes home with a voice just
as hoarse. The bank president gets
down off his dignity and he is as hu-
man as the rooter who roots in his
sleep. It is one grand collection of
fans oblivious of but one thing and
that thing makes them common and
intensely American.

Unfortunately, Sedalia has dropped
out of the baseball ranks as far as
possessing a professional team is con-
cerned, and, of course, will have no
local games. Hope, however, for a
more auspicious future still burns in
the hearts of the city's fans, and they
look forward with eager anticipation
to the time when the Queen City will
once again be represented on the dia-
mond with a record-making team. Un-
til then we have to whet our appet-
ites on the long distance literature
of sporting editors.

The sport is worth seeing, worth
getting enthusiastic over. It would be

good again to broil ourselves in the
hot afternoon sun, and struggle with
our emotions and peanuts, as they hit
'em out to left.

A SPENDTHRIFT NATION.

The government is spending more
money than at any period in its his-
tory, and extravagance is encouraged
by the interests which want the tar-
iff maintained under the mistaken
claim that it brings in revenue, essen-
tial to maintaining the administra-
tion.

The total expenditures of the last
Cleveland administration were \$1,
574,105,000. The appropriations for
the last Roosevelt term were \$3,215,
600,000. This is more than twice as
much as under Cleveland. The ex-
penses of no nation on earth ever
swelled at such a ratio as this in so
brief a time—and in time of peace at
that.

In the last two years of Grover
Cleveland the appropriations were
\$945,000,000. For the first two years
of Taft the estimates already are \$2,
500,000,000, or almost three times as
much. It was Roosevelt who assassi-
nated the economic spirit in congress.
The moment he went into power ex-
penses began to increase 50 per cent
over the McKinley administration and
more than twice as great as Cleve-
land. It will take ten years to get
away from the legacy of extravagant
ideas which he left behind, and Taft
is absolutely helpless in the face of
the burdens already imposed.

THE FIELD IS WIDE.

There are 23,000 newspapers and
periodicals in the United States; and
in this country there is a smaller per-
centage of illiteracy among native
whites than in any other on the face
of the globe.

It naturally follows, as Newspaper-
dom points out, that with such ad-
vertising opportunity in no other coun-
try in the world can an article of
genuine worth be brought into univer-
sal use so quickly as in the United
States. In no other country is it pos-
sible for the purchaser to so easily
select the best and the most suitable
of the articles which he is to pur-
chase as here.

Uncle Sam's domain is a profitable
field for the advertiser to cultivate,
and the choicest territory in all his
broad estate is that which is covered
by the circulation of the Democrat-
Sentinel, surrounding and including a
prosperous city of Lones.

The optimistic inventor who has
constructed a fish rod which automati-
cally measures and honestly weighs
each fish as it is caught, will never
die a millionaire.

The senate finance committee ap-
plied common sense to the readjust-
ment of at least two schedules when
it abolished the tax on cocoa and ad-
ded it to champagne.

Wall street has discovered a new
reason for having a fit. Mr. Harri-
man's doctor has ordered him off of
the firing line.

"He shaves himself," says the At-
lanta Constitution, having reference
to Mr. Roosevelt. And, on occasions,
other people.

Garters on the free list, but stock-
ings are still kept up.

WENT BACK TO HOUSE

Tariff Bill Returned for a Correction
Discussion Postponed Till Monday.

Washington, April 15.—On motion
of Senator Aldrich the senate today
agreed to comply with the request
of the house for the return to the
house of the tariff bill in order that
the oil schedule might be amended
by adding to the words, "Petroleum,
crude and refined," on the free list
the words, "And all products there-
of."

At a meeting of the committee on
finance today it was agreed that the
opening of the discussion on the tar-
iff bill should go over until Monday.

GOTCH WON THE MATCH

(Continued From Page 1.)

Referee Ed W. Smith, who was the
third man in the ring in the Gotch
Hackenschmidt match, called the
principles to the center of the ring
and gave them their final instruc-
tions. It was 11 o'clock before the
big match began.

For the first three minutes the
two men bulled it about the ring
without either getting a hold.

Finally, after three minutes of
wrestling, Gotch secured a hold on
Mahmout's left leg and threw him to
the mat. The American champion was
after the foreigner like a wild cat,
and the Bulgarian was responding
with every ounce of strength in his
magnificent physique, but could not
break the hold of Gotch. Mahmout
bridged and used every artifice in his
repertoire to forestall the inevitable
fall that appeared to be approaching.
But Gotch gradually forced his oppo-
nent's shoulders to the mat. Gotch se-
cured a crotch and half-Nelson hold,
and Referee Smith gave him the fall
in eight minutes. Mahmout's should-
ers were pinned to the mat for the
first time since he has been in this
country.

The sudden ending of the fall
came as a complete surprise to the
spectators, who expected the much
touted foreigner to give the champion
a Titanic struggle.

Gotch and Mahmout started the
second fall at 11:25. After a minute
of fiddling in the center of the ring,
the men mixed and Mahmout was
successful in getting Gotch down on
the mat. After a minute of sharp
work Gotch wiggled out of the Turk's
hold and assumed the aggressive.
Gotch tried repeatedly for the dead-

toe hold, but Mahmout fought harder
than before and the American was
unable to secure it. Gotch secured a
barlock on Mahmout, but the men
wiggled off the mat. Referee Smith
called them to the center of the
ring. Mahmout allowed Gotch his old
hold. Gotch got a crotch and half-
Nelson, but Mahmout wiggled out.
The struggle was fast and furious,
with Mahmout on the defensive all
the time.

Gotch secured the same hold that
won the first fall for him—a crotch

and half-Nelson. Mahmout, realizing
the danger into which he was being
plunged, fought like a wild cat to
break the hold, but it was of no avail.
Despite the Turk's immense strength
and ability, he was pinned to the
mat for the final fall in nine minutes
and ten seconds.

Alleged Fake Wrestling Promoter Scoffs at Prosecutor When He Is Locked Up in the Des Moines Jail.

Des Moines, Ia., April 15.—"The state of Iowa, or for that matter, the government, has no more evidence against me than against a baby," said J. C. Maybray last night in the Polk county jail.

The alleged fake wrestling and racing promoter was brought to Des Moines shortly before noon yesterday and, in default of bail, fixed at \$100,000, was placed behind the bars.

It is now thought that Maybray will be tried in Des Moines, during the

May term of court, though an order from Judge Smith McPherson may transfer him to Council Bluffs, where the indictments were returned.

Prohibition Measure in the Senate. Jefferson City, Mo., April 15.—The prohibition amendment which was passed by the house yesterday was

reported to the senate today and was referred to a committee to take the ordinary course.

SALOON THOUGHT NO. 122.

Here are a few more telegrams sent Mr. Dickie, the DRY speaker against Mayor Rose, of Milwaukee. The brewers have found out the debate they brought about was the worst boomerang they have thrown for years. The papers all over the United States have taken it up and the Drys received more advertising than \$100,000 would have purchased.

Birmingham, Ala., March 26, '09 Mr. Samuel Dickie, Milwaukee, Wis.

The first year of prohibition in Birmingham shows one-third decrease in violent deaths and same decrease in police arrests. Prisoners in county jails forty per cent less in 1908 than previous year. Building in 1908, in spite of off year, was greater than 1907.

ERSKINE RAMSAY, First Vice President Pratt Consolidated Coal Co.

Atlanta, Ga., March 26, '09 Samuel Dickie, Milwaukee, Wis.

Prohibition in Atlanta is more successful than its strongest supporters anticipated. Our bankers and prominent business men generally are well satisfied, especially our manufacturers, who are delighted as they are getting more efficient help than before. Police court trials for drunkenness and disorder decreased one-third. Real estate values have increased from twenty-five to as much as one hundred per cent in many cases on central property. We are, of course, troubled some with illegal sales. Courts are enforcing law fairly well against violators. Business tone in Atlanta is better than in any other southern city.

JOHN M. MILLER, Business Man.

It really seems strange that intelligent people actually fail to see that the revenue the saloon collects must come out of the pockets of the people, and many times MORE, before the saloon can pay it to the county. They seem to think what "revenue" the saloons pay just drops out of the clouds. It is the same money identically that would buy shoes, clothes, houses, groceries, hire carpenters, buy carpets, paints, wall paper, pianos, horses, buggies, pay rent, lay sidewalks, improve property, send the children to school, buy them shoes, books, and a thousand, other things. The saloon takes this money from the husband, and the family can't spend it with the business man. To think that any business man would fail to see this seems out of all reason.

Restored Their Health But Cost Them Nothing

Thousands of stomach and bowel sufferers have found the means of permanent good health and permanent good digestion through Dr. Caldwell's Syrup Pepsin, the great herb laxative compound. He believes from watching for twenty years what it has done that it will cure any case of chronic constipation, indigestion and dyspepsia, sour stomach, torpid liver, heartburn, biliousness, sick headache and similar disorders of the stomach, liver and bowels. It is pleasant to take, acts mildly but none the less effectively, never gripes, and is in every way an ideal laxative for the family. It is wonderful in children's stomach troubles, and they like its agreeable taste. It is a vast improvement over griping salts and cathartic pills, which are simply a temporary relief, while Dr. Caldwell's Syrup Pepsin is a permanent cure. Its tonic properties build up the stomach and intestinal muscles. Thousands are buying it of their druggists at 50 cents and \$1 a bottle, but those who have never used it should write the Doctor for a free trial bottle so that they can make a test without expense. If you have a stomach, liver or bowel disorder, or any member of your family has, send your address and a free bottle will be sent to your home, fully prepaid. In this way legions have been restored to health without a cent of cost. Read these letters and write today:

FREE SAMPLES

of Dr. Caldwell's Syrup Pepsin The Nation's Safeguard of Health FOR EVERYBODY

For fifteen years I suffered from stomach trouble and constipation, until it seemed as if death were the only relief. The most prevalent symptoms were bloating and pressure against the heart and the most distressing pains across the stomach. I had Dr. Caldwell's Syrup Pepsin recommended to me and commenced using same. I possibly used a dozen bottles, and I can honestly say I believe it saved my life. I don't think anyone suffered more than I did, and got well, for I am not only relieved, but cured, and can eat anything without any pain or distress.—B. F. Thompson, Foreman Sheppard, Iowa, Brick and Tile Works.

We have used the sample bottle of Syrup Pepsin and one regular 50 cent bottle and are now well. I feel greatly benefited by its use and expect to continue using it until I am entirely cured. I am 48 years old and was afflicted with indigestion, liver trouble and general prostration, but am feeling better since I began using your medicine than I have for years before.—Mrs. Brick Flinchum, Jackson, Kentucky.

I received your sample bottle of Syrup Pepsin and after taking it I bought several bottles from my druggist. I find it a good remedy for indigestion, and also constipation. I don't regret the money I paid for it.—Ida A. Fortune, Grand Junction, Tenn.

About four years ago I was taken ill with indigestion and stomach trouble. After trying several remedies I was induced to try Dr. Caldwell's Syrup Pepsin. After taking one part of a bottle I was entirely relieved, and have kept a bottle in my house since. I find it the finest stomach tonic I have ever used and gladly recommend it to all who have stomach trouble.—C. Fowler, Carson City, Mich.

I used your Syrup Pepsin last summer for indigestion, constipation and biliousness and I find it the best medicine I have ever used.—Noah B. Hatfield, Zaima, Mo.

Something Better Than Cheap Tailoring

Cheap Tailoring is a counterfeit of something better—fine tailoring—Cheap tailoring employs a Cutter without art and originality—a draftsman of high ability can not be employed by a cheap tailor—it must conform to the price—cheap. The garment when finished bears the unmistakable earmark of crudeness, stiffness and lack of grace.

The Best of Its Kind

Hand made garments designed by a man of genius—occupying the highest position of his art—drawing a salary of \$10,000 a year, the cloth bought of the same mill as the merchant tailor buys from—tailoring by the hand of trained men employed 12 months in the year.

FINDS RACE OF PIGMIES

DOCTOR WILLIAM GEIL, AN EXPLORER, IS HOME FROM A TRIP TO CHINA.

MADE JOURNEY ALONG THE GREAT WALL

The Length of the Wall is About 1250 Miles, but the Exploring Party Covered a Distance of 1,800 Miles.

New York, April 15.—Dr. William Geil, an explorer, returned by the Minnehaha, of the Atlantic Transport line, after making a journey along the Great Wall of China.

This, he says, is the first time that a white man has ever traveled the entire distance of the wall, and he believes that no one man had ever covered the whole route before.

"We started out in May, 1908, from San Hai Kung, in the Yellow sea, where is one of the ends of the Great Wall," said Dr. Geil. "We reached the other end at Kain Yu Kuan, north of the Nan Shan mountains in September.

"The length of the wall is about 1,250 miles, but our journey covered about 1,800 miles, taking us into Tibet, where I fell ill and had to be carried by my men for several days.

"In Northern China, on the south side of the wall, we encountered a strange race of wild pigmies, probably descendants of a race that was engaged in the building of the wall. According to the legend, certain people were unable to stand the abuses of the taskmasters, and fled to the south.

"We had no fights with the natives, but had to be careful, in order to avoid trouble. We met Chinese who asserted that they had never before seen a white man.

"I crossed China six years ago, and since then the empire has made wonderful progress. Men are getting military training in every little town, and some day may be able to put in the field at short notice a well trained army of 3,000,000 men."

SOME FORTY YEARS AGO

His Wife Sat on Another Man's Lap—Now He Asks for Divorce.

Dayton, Ohio April 15.—After a lapse of more than forty years Paris W. Burnham has brought suit for divorce from Abigail Burnham.

The action is based on an alleged occurrence in 1868, three years after their marriage, when the petition alleges that he discovered his wife sitting on the lap of a man named Duffy with her arms entwined about his neck, at their home in Syracuse, N. Y.

Duffy was ordered out of the house by Burnham, but his wife refused to let him go, and commanded her spouse to leave. He did so, and never returned. However, he had never taken steps to secure a legal separation.

PRINCESS CHANGES HANDS

Sedalian Disposes of His Theater at Warrensburg.

The popular Princess theater has changed management. Mr. Frank Cochran having sold the business to Mr. and Mrs. M. C. Stewart, of Kansas City, Kas., says the Warrensburg Star.

The deal was closed Saturday afternoon and the Stewarts are now in charge. Mr. Stewart has for many years been the joint agent for several express companies with headquarters at Kansas City, Kas., and will give up city life and make Warrensburg his home.

The present employees of the Princess will be retained for the present. The many friends of Mr. and Mrs. Cochran will regret to learn of their intention of leaving Warrensburg, for they have given the public a splendid nickel theater and their honest business dealings have won for them the hearty good will of every one.

Mr. Cochran has made a success of his business here and his only reason for selling was on account of his other business interests needing his entire attention.

Mr. Stewart will keep the little theater up to its usual high standard and when the weather warms up the Airdome will be opened.

P. H. Meyer sells both "S" and Vigoral flour.

A BOYCOTT THREATENED

This Got the Presbyterian Extra Preaching and Pay.

Pittsburg, Pa., April 15.—Students in the Western Theological seminary of Pittsburg have cornered the "extra preaching" business of the Pittsburg presbytery of the Presbyterian church, according to information brought out at yesterday's meeting of the presbytery.

It is alleged by ministers that instead of extra Sundays of preaching, with its attendant money coming to ministers without charges, the students are getting it, having threatened to boycott the Presbyterian Bookrooms of Pittsburg, which places the extra ministers, unless they, the students, were given all the extra preaching. Wholesale expulsions from the seminaries are threatened.

RUMBLINGS OF THE RAIL

SOUTHERN PACIFIC ROAD TO MAKE PUBLIC INVESTIGATION OF ACCIDENTS.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

A new era in the attitude of railroads in investigating accidents was inaugurated at New Orleans yesterday when the Southern Pacific put into effect the policy of giving full publicity to such investigations. The killing of a flagman was the occasion of the inquiry.

Under the new rule adopted by order of Julius Kruttschnitt, a board of inquiry to investigate all accidents is to be composed of three employees or officials of the road and one who is not in any way connected with the company. Newspaper men will not only be permitted to attend the investigations, but will be notified of the sittings of the board.

At the March meeting of the Western Railway club in Chicago, W. L. Park, general superintendent of the Union Pacific at Omaha, read a paper earnestly advocating publicity for railroad accidents. This paper resulted in the order of Mr. Kruttschnitt, General Superintendent Park said:

"As railroad men we must admit that the long list of appalling accidents, accompanied with fatalities and personal injuries to passengers and employees, many of which were avoidable, is a blot on our escutcheon which must be wiped out before we can return to the full confidence of the greatest of all earthly judges—'Public Sentiment'."

"How this may be accomplished, is, in our opinion, the one great problem today confronting operating officials and employees. The solution unquestionably lies in the direction of taking the public into your confidence, making them feel that they have as great responsibility in upholding the law of discipline on railroads as they have in upholding the law in the government of the ordinary affairs of life. Publicity for accident, placing the same responsibility upon those who violate the rules of safety as is now placed upon those who in other ways do the public a harm, will certainly bring about a very different conception of duty."

TAFT'S SPECIAL MESSAGE

Tells Congress What to Do Regarding The Philippine Tariff

Washington, April 15.—The president today sent to congress a special message in relation to the Philippine tariff. The message transmits the recommendations of the secretary of war for a revision of the Philippines tariff so as to permit as much revenue as possible for the islands, and at the same time extend to the islands the principles of the protective tariff for its industries.

"The purpose of this measure," says the president in his message, "is to meet the new conditions that will arise under the sections of the Payne bill, which provides, with certain limitations, for free trade between the United States and the islands."

The president points out that the measure is of great importance to the welfare of the islands, and should be passed at the same time with the pending Payne bill. He recommends its passage "as legislation incidental to and required by the passage of the Payne bill."

election, prohibition will be become effective in Missouri January 1, 1913. If any changes are made in the amendment by the senate it must come back to the house to be adopted in its changed form. Senate leaders say that no action is reasonably to be expected before week after next. The amendment will reach the senate today. It will be read the first time Monday, and on a second reading, on a subsequent day, will be referred to the committee on constitutional amendments, where the rules permit it to be kept ten days.

The passage of the amendment by the house now centers all attention upon the senate. The senate would, it is practically known, kill the amendment were it not for the fact that its submission can be forced through the initiative. Whether amendments will be put on is a matter of speculation. The idea of a tax rider to make up the deficiency in revenues which would be created by the adoption of the amendment has been abandoned in the senate, is believed, partly due to the defeat of all such efforts in the house, which would hardly stand for such a change in the bill if so returned from the senate.

Senator Fields, however, thinks a separate tax amendment should be submitted, as a companion, as it were, to the prohibition amendment.

Senator Humphrey, president pro tem, thinks there is a disposition among the senators to strike out the Conran amendment, adopted in the house, to make prohibition, if adopted by the people, effective January 1, 1912, submitting it without any stipulation as to time. If this is done it will necessitate returning the measure to the house for its concurrence. This there is every reason to believe, would be attended with another battle in the house, with a prospect for sine die adjournment without legislative submission of the matter.

The Women's Christian Temperance Union fears this, and Mrs. F. H. Ingalls, legislative agent of that or-

ganization, will be instructed to have friends of the measure in the senate to oppose any effort to further amend the resolution.

Democratic senators were living in the hope that the house republicans would kill the amendment, thus relieving them from possible embarrassment, but they must face the music, and furnish it, too.

Bumper Apple Crop Is Predicted.
Warrensburg, Mo., April 15.—A. B. Matthews says the late frost and blizzard did not destroy the peaches in this section, but that the crop will be light.

MAY SUE OUTLOOK FOR LIBEL

Socialists Object to Story Busy Mr. Roosevelt Wrote.

Newark, N. J., April 15.—Secretary W. B. Killingbeck, of the state committee of the socialist party, stated at a meeting of the state organization that steps had been taken to obtain legal advice for the purpose of bringing, if possible, legal action against the Outlook Publishing company of New York for an article regarding the socialist movement and party by former President Roosevelt.

A resolution was adopted at a meeting held on Saturday, referring the matter to the national committee, with a view to formulating suitable procedure.

Mr. Killingbeck said that the objection was not to the political character of the article, but to reflections it contained upon members of the socialist party.

BURIED MINERS LIVE ON RATS

Exist Six Days, Then Collapse as Sepulcher Is Opened.

Eloro, Mexico, April 15.—Buried alive in the San Patric mine, near here, Jesus Montez and Antonio Huarte lived for six days on raw rats.

Headed by Mine Superintendent Jenkins, a party of rescuers worked diligently at a tedious task of removing tons of ore and rock in digging into the tomb.

Almost without hope, the buried miners eked out an existence until they could hear the grating of picks and shovels, and just before the sepulcher was opened Montez and Huarte collapsed and were found unconscious on the floor of the mine.

Under previous administrations the saloons have enjoyed "side door" traffic on Sundays and gambling houses have operated without fear of interference.

Humes says the lid will be put on the saloons tight on Sundays and that every gambling hall in the city will be closed up—and kept closed.

He will be aided in his work by a republican council and by a republican city administration.

Mrs. Frank Hanchett Traces to Chicago Husband Who Abandoned Her Five Years Ago—Must Pay \$5,000.

Chicago, April 15.—Mrs. Frank Hanchett yesterday told how she traced her husband to Chicago, tracked him and had him arrested for abandoning her five years ago and demanded that a league be formed to protect deserted wives, provide them with funds and legal aid and gain public sympathy for their cause.

She affirms that her husband owes her \$5,000 in principal and interest on unpaid separate maintenance dues of \$65 a week for five years and that she will keep him in the county jail until he pays. She is living at 28 Thirty-third place while fighting her legal battles here.

"A league should be formed to protect women in such a predicament as I am in," said she. "I heard that my

husband was here and I had to borrow money to come and hunt him. There ought to be an organization to help deserted wives. Public sympathy, especially of women, is usually against the deserted wife, though it would be hard to say why.

"My husband deserted me five years ago in Cedar Rapids, Ia. I obtained a decree of separate maintenance, giving me \$65 a week, but my husband paid me only \$30 and left. I came here and traced him to 3843 Cottage Grove avenue, 3218 Calumet avenue, 3519 Indiana avenue and other addresses, and finally caught him at Joliet.

"He must pay \$5,000, which is the accrued money and interest due me. Since he left me I have supported four girls, and kept them in school. They are: Jessie, now aged 16; Jennie, 12; Josephine, 11, and Jewel, 9. My husband offered me \$200 to be set free but I wouldn't listen to him."

Hanchett was formerly a special investigator for the Chicago Law and Order league. He is said to be a son of Seth Hanchett, sheriff of Cook county a score of years ago.

DIED 44 YEARS AGO TODAY

This Is the Anniversary of the Death of Lincoln.

Washington, April 15.—On Good Friday night, forty-one days after his second inauguration, President Lincoln was assassinated, and breathed his last at 7:22 o'clock on Saturday morning, forty-four years ago.

On the same morning, a few minutes before 11 o'clock, Vice President Johnson was sworn into the presidential office in his rooms at the Kirkwood house by Chief Justice Chase.

The urgency of the occasion and the universal horror and consternation of the time precluded delay and prevented ceremony. Thus Lincoln's successor entered into power more quietly than any American president before him had done.

LOST SPEECH WHEN JILTED

Marriage of Her Fiance to Another Causes Shock.

Syracuse, N. Y., April 15.—Physicians say that the loss of speech by Miss Belle Raub, 17 years old, is due to shock occasioned by the marriage to another woman of the man to whom her family says she was engaged to be married, the announcement having been published.

Miss Raub read of the marriage of William Meyer at Buffalo, and fell in a swoon in the street. She has since been unable to speak.

She writes that Mr. Meyer was to come here to obtain a license and they were to be wed, that she forgives him, hopes he will be happy and is confident that if he would come and speak to her she would regain her speech.

He then shot himself through the mouth, dying on the way to the hospital.

GOES TO PRISON FOR FATHER

Chicagoan Foregoes Appeal to Obtain Parent's Liberty.

Chicago, April 15.—Charles Bidwell's effort to save his father, Benson Bidwell, from prison at the possible cost of his own liberty, was accomplished in Judge Chetlain's court here yesterday.

Both Bidwells were sentenced to indeterminate terms for alleged swindling, through the medium of a "cold motor," invented by the elder Bidwell.

Young Bidwell, to save his father, whose physical condition is precarious, agreed with the state's attorney to spare the state the cost of contest-

ing his appeal, in which he had much faith, if the state would agree to a lenient course with his father.

In court yesterday, Benson Bidwell was allowed to plead guilty to a minor charge, under which he must serve ten days in the county jail. He then will get his liberty.

Charles Bidwell will be taken to the penitentiary next Friday to serve a term of from one to ten years under the indeterminate sentence law.

TO BURN OIL IN FORESTS

THIS MUST BE DONE IN THE ADIRONDACKS FROM APRIL 15 TO NOVEMBER 1.

PUBLIC SERVICE COMMISSION SAYS SO

Action Is Taken to Prevent Railway Fires in That Region—Have Cost Millions of Dollars in the Past.

Albany, April 15.—In the proceedings brought by the forest, fish and game commissioner before the public service commission, Second district, to require the railroads operating in the forest preserve of the

Adirondacks to take measures to prevent railroad fires in that region, the commission has rendered a decision ordering oil to be burned during the months from April 15 to Nov. 1 of each year.

The complete installation of oil-burning is to be effected by April 15, 1910, and at least two locomotives on the Mohawk and Malone railroad and two on the Delaware and Hudson are to be fitted with oil-burning apparatus this summer in order to accustom the men to the use of oil and avoid any experimenting next year.

The cost of electrification has been found to be entirely prohibitive, as it would involve an additional expense of over \$1,000,000 a year for the New York Central lines alone, over the cost of operating steam locomotives, even if water power could be obtained to generate the amount of electricity required.

The commission finds that 168 gallons of fuel oil are equivalent to one ton of bituminous coal, and that on this basis the extra cost of oil-burning over the remedies proposed by the railroad companies will be about \$50,000 a year.

WOODEN LEG CONVICTS HIM

Tracks in Mud Leads to Rest and Prison Sentence.

Springfield, Mo., April 15.—Charles Duke was yesterday sentenced by Judge Page in the criminal court to three years in prison for stealing \$57 from a Christian county farmer. A wooden leg is responsible for Duke's downfall.

Three or four months ago he robbed a grocery. The police found him near the scene of the crime and he volunteered to aid the officers in searching for the culprit.

The police discovered the man who entered the grocery had a wooden leg. Tracks of the "stump" in the mud near a window of the grocery led to Duke's arrest. He confessed, pleaded guilty, was sentenced to three years in prison and afterwards paroled by the court.

Later he was convicted of robbing a farmer of \$57 and his parole was revoked.

AN ANONYMOUS LETTER

Told the Father Where He Could Get Son's Headless Body.

Shelmann, Ga., April 15.—The headless body of Ross Mainor, who has been missing since last Friday night, was delivered to his father on the outskirts of this place at 2 o'clock yesterday morning.

The father received an anonymous note telling where to go to find his son's body. The elder Mainor found the corpse in the bushes just off the roadside. Young Mainor apparently had been buried and dug up.

The boy was a member of a night-riding band which attacked Alfred Everson, a negro, last Friday night. In the fight the negro blew off young Mainor's head and the latter's companions secreted the corpse to avoid detection. The elder Mainor is one of the most prominent men of this section.

TIED; DRAW LOTS FOR JOB

Republican Wins Justice of the Peace Post After Unique Contest.

Harrisburg, Ill., April 15.—In the recent township election at Brushy, W. R. Johnson, republican, and Henry Boatright, democrat, each received the same number of votes for the office of Justice of the peace.

It was agreed between the two to draw lots to decide who was entitled to the office. The event came off yesterday in the presence of a large crowd. Johnson won, giving him the distinction of being the first republican to hold office in the history of the township.

LADIES AS WHITE WINGS

Today Is "Cleaning Day" at the Capital of the Nation.

Washington, April 15.—Washington club women as "white wings" bent upon making the national capital a spotless town made this day known in municipal history as "Cleaning Day."

The Twentieth Century club recently adopted resolutions decrying the littered condition of some of the streets and pledging the co-operation of themselves, their friends and their neighbors in picking up the papers on streets and parkings in the vicinity of their homes "on Thursday, April 15, at 9 o'clock in the morning."

Each member of the club has headed a sub-committee of women on the block where her home is located and they are working away at a rate to astonish the men folk, and even the government itself.

DEEDS, NOT WORDS

Sedalia People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit.

The deeds of Doan's Kidney Pills, for Sedalia kidney sufferers, have made their local reputation.

Proof lies in the testimony of Sedalia people who have been cured to stay cured.

Mrs. William Ricks, 605 West Fifth street, Sedalia, Mo., says: "I have used Doan's Kidney Pills and can say that they did me a world of good. I had kidney trouble and suffered a great deal from pains and a weakness in my back and hips. Doan's Kidney Pills cured me and I have had no return of the trouble since." (Statement given in 1901.)

Time is the Test. On October 16, 1908, Mrs. Ricks said: "I still think highly of Doan's Kidney Pills, as I have had no return of my former trouble in over seven years. I gladly re-endorse this remedy."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

A Significant Fact

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? Is it not a significant fact too that

Dr. Pierce's Favorite Prescription

Is the only medicine sold through druggists, for woman's peculiar weaknesses and ills, the makers of which are not afraid to print its every ingredient on its outside wrapper? Is this not worthy of your consideration if you are a poor sick invalid woman?

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

It's foolish—often dangerous to accept a substitute of unknown composition in place of this time-tried medicine of known composition. Don't do it. Insist on getting what you ask for.

Suit Against the Slayer's Wife for \$233 Has Been Begun by a Milliner, Who Says the Ex-Chorus Girl Owes for Hats.

New York, April 15.—Evelyn Nesbitt Thaw, who has dropped almost completely from public view since the continued confinement of her husband, Harry K. Thaw, at Matteawan, is living quietly at 31 West Thirty-third street.

It was there that she was served with papers in a supplementary proceedings in the suit of a milliner who got judgment against her last September for \$233.

Soon after the judgment was entered process servers began a search for Mrs. Thaw, but it was not until Tuesday night that they were successful.

The former chorus girl was found in her apartments playing with a snake which she calmly caressed as she allowed it to coil around her arm.

She accepted the service with the comment that she would be on hand for the examination, which was set for April 19.

She declared, however, that she did not owe the money and that the suit was a farce.

S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. LATE EDGAR ALLAN POE

AUTHORS' CLUB OF LONDON RECENTLY GAVE DINNER IN HONOR OF HIS MEMORY.

LETTER READ FROM COL. J. A. WESTON

Latter Formerly Resided in Baltimore, Maryland, and Said to Be the Only Living Witness of the Burial of the Poet.

Baltimore, April 15.—Word has been received in Baltimore to the effect that at a dinner given recently by the Authors' club in London in honor of the memory of Edgar Allan Poe, a letter was read from Col. J. Alden Weston, a former Baltimorean, who is the only living witness of the burial of the poet.

The letter, which was addressed to Sir Arthur Conan Doyle, follows: "As the sole surviving witness of the burial of Edgar Allan Poe and one of the few who have seen him in life, I regret exceedingly that my ad-

vanced age and impaired health will prevent my joining in the centenary dinner at which you are to preside.

"As a then resident of Baltimore (my native city), I often saw Poe, and, as a young man with some sentiment, I had a great fancy for the man apart from his literary genius, for I was one of the few who thought the stories of his excesses to be very greatly exaggerated.

"On a cold, dismal October day, so different from the ordinary weather of that clime, I had just left my home when my attention was attracted to an approaching hearse, followed by hackney carriages, all of the plainest type. As I passed the little cortege some inscrutable impulse induced me to ask the driver of the hearse: 'Whose funeral is this?' And to my intense surprise received for answer: 'Mr. Poe, the poet.' This being my first intimation of his death, which occurred at the hospital the previous day (Sunday) and was not generally known until after the funeral.

"Immediately on this reply I turned about to the graveyard, a few blocks distant. On arrival there five or six gentlemen, including the officiating minister, descended from the carriages and followed the coffin to the

grave, while I, as a simple onlooker, remained somewhat in the rear.

"The burial ceremony, which did not last more than three minutes, was so cold-blooded and unchristian, like as to provoke on my part a sense of anger difficult to suppress. The only relative present was a cousin, a noted Baltimore lawyer, the remaining witnesses being from the hospital and the press."

"UNCLE ALVIN" IS "LUCKY"

Wins His Tenth Suit, Each Having a "Woman in the Case."

Batesville, Ark., April 15.—"Uncle" Alvin W. Shorey was all smiles yesterday as a result of a drawn battle in another legal tangle.

He secured a mistrial in a suit instituted against him by F. B. Mitchell, a school teacher, who asked the jury for \$50,000, claiming that "Uncle" Alvin had alienated his wife's affections, resulting in her leaving him.

"Uncle" Alvin is past 70 years of age. Mitchell is less than 40, and his wife was ten years his junior. "Uncle" Alvin is wealthy and has won ten straight suits in court, all having a "woman in the case," divorce figuring in two instances.

The jury stood 8 to 4 for acquittal, but was deadlocked for three days.

ROUGH RIDERS HATE TO GO

Caps Will Be Substituted for the Soft Felt Hats.

New York, April 15.—The New York City letter carriers have decided to discard the rough rider hats that they now wear for a cap.

The New York Letter Carriers' association advanced two reasons to Postmaster Morgan for their desire to substitute the cap for the soft felt hat. One was that it improved the general effect of the uniform. The rough rider headgear, after a little wear, also loses its shape and becomes decidedly "slouchy." Another reason was that this form of hat was

ROMANCE OF BOER WAR

Hurriedly Departs With Bride, Bound for Philippines.

New York, April 15.—Romantic circumstances attended the marriage at the city hall of Miss Ina A. Waldron, 23 years old, of Bloomfield, N. J., and Province MacCormick, 28 years old, of Berryville, Va., Alderman Brier officiating.

Young MacCormick is a civil engineer and was recently stationed in Porto Rico, but contracted a fever there which necessitated his returning home, and during a long illness that followed Miss Waldron aided in nursing him back to health. During the period of convalescence Cupid kept himself exceedingly busy, with the result that the young couple became engaged.

Immediately after the ceremony the bride and groom hurriedly departed for Seattle Wash., where they will embark on a steamer for the Philippines.

The bride is a daughter of the Rev. Carroll S. Waldron, a minister in Bloomfield.

IMPORT CORN FROM AFRICA

It Can Be Laid Down in Baltimore for 58 1/2c Per Bushel.

Baltimore, Md., April 15.—The statement that the peculiarly American product, Indian corn, or maize, may be imported in considerable quantity from South Africa this summer is interesting.

The fact seems to be that the supply of the native product is likely to be short until a new crop is grown, and it is certain that the price is very high.

It is said that South African corn may be laid down at this port for about 58 1/2 a bushel, transportation charges and duty paid, in time to compete with July options for the delivery of the native product, for which the quotation is now 74 1/2 cents. In that case there would seem to be considerable profit in the importation.

There is a duty of 15 cents a

bushel of fifty-six pounds on Indian corn, which is an absurdity for such a corn growing country as this.
